Spectator Guide

Whether you'll be cheering from the street or your living room, our Spectator Guide tells you the best places to watch the race, street closure information and times, and the locations of viewing parties along the route.

Street Closure Information

LA Dept of Transportation map with Marathon route, including street re-opening times. COMING SOON!

Getting Around LA on Race Day

Commuterama will be providing real time Road Closure information and how to get around the road closures for the Honda LA Marathon on race day. Spectators, residents and businesses will be able to view the Course Map with related road closure and reopening info to better help navigate through the city. Additional info about this service will be posted Race Week.

Getting to the Race

The 2010 Honda LA Marathon is a point-to-point course. The start will be at Dodger Stadium and the finish in Santa Monica. The best way to get around the city to see your runner is to use the Commuterama site, http://www.commuterama.com/. (COMING SOON)

For directions to the start line at Dodger Stadium, click here.

For directions to the finish line and parking structures in Santa Monica, click here

Parking Information

Parking is expected to be very limited with 25,000 runners, their families and spectators expected to fill the City's 12,000 parking spaces plus available private facilities that choose to open to the public that day. We strongly encourage walking, biking and using public transit to get to a spot on the route if you would like to cheer on the runners. View public transit options at http://www.bigbluebus.com/. Vehicle parking will be available on a first-come, first-served basis in Downtown Santa Monica at city-owned and private parking facilities and at city-owned beach lots. Parking at all city-owned facilities will be $10 flat rate for cars entering between 6:00 a.m. and noon. After noon, the city-owned facilities will return to normal rates.

Use the city's live parking information website www.smgov.net/parkingspacenow to monitor parking space availability.

Finish Line Beach Party

The Finish Line Beach Party is open to the general public and is the perfect location to enjoy the entire 2010 LA Marathon and post-race celebrations. Located just north of the Santa Monica Pier (in the 1550 Pacific Coast Highway parking lot below the actual marathon finish line), the Finish Line Beach Party will feature a large screen broadcasting the live Marathon telecast, numerous sponsor

exhibits and displays, the official Michelob ULTRA Beer Garden, food and beverage sales, live music and much more.   As access to the actual finish line is restricted to runners and race officials only, families and friends are directed to meet up with the runners at the Don Francisco Family Reunion Area located inside of the Finish Line Beach Party footprint.

City Block Parties

In 2010, the LA Marathon will be staging City Block Parties on race day in each of the municipalities at key locations. Each City Block is a large community celebration located directly adjacent to the Marathon route providing key viewing of the race. Each City Block Party is a focal point of race day entertainment with live music, a sponsor village featuring food and beverage sampling, sponsor exhibits and sale of official Honda LA Marathon apparel, radio remotes with top Clear Channel stations and more. Each City Block Party starts at 7am and runs through 2pm providing a great location to celebrate with your friends and neighbors.
